## About QFF's Corporate Partners Program

QFF's Corporate Partners program brings together a select group of strategic partners — companies that play a critical role in the Queensland agriculture supply chain — to collaborate, innovate and build a strong future for Queensland agriculture alongside QFF and our peak industry body members.

We seek partners whose values align with ours and who share a genuine commitment to placing farmers' interests at the centre of everything we do.

To learn more about our Corporate Partners, visit [www.qff.org.au/our-partners](http://www.qff.org.au/our-partners)

## Our current Corporate Partners include

## CarbonLink

### About our partnership

QFF and CarbonLink have partnered to further strengthen our joint commitment to fostering sustainability and innovation in Queensland's agriculture sector.

### Member offer

CarbonLink is pleased to offer QFF peak body members, and their members a free 15-minute, no-obligation discovery call with one of CarbonLink's carbon farming advisors, 10% off your NetImpact Plan and a free soil health assessment.
